### DETAILED ACTION

1. The amendment to the claims filed 7/28/09 is acknowledged and entered. Consequently, claims 1-2 and 4-11 are pending. Claims 3 and 12-22 have been canceled.

2. The rejection of claims 12-14 and 22 under 35 USC 101 and the rejection of claims 1-2 and 4-11 under 35 USC 112, first paragraph, are withdrawn in view of the amendment filed 7/28/09 where claims 12-14 and 22 are canceled and where the “tangible computer readable medium” is amended to “computer recordable media [sic].”

3. This application is in condition for allowance except for the following claim objection and other formal matters:

4. ***Claim Objections:***

Claim 1 is objected to because the phrase “a computer recordable media ...” doesn’t appear to be grammatically proper, and should be amended to “a computer recordable medium ....”

Claim 2 is objected to because while claim 1 is amended to be drawn to “a computer recordable media,” claim 2, which depends from claim 1, has not been amended accordingly.

5. ***Drawing Objection:***

The drawings filed 7/29/03 are objected to because of the following:

New corrected drawings in compliance with 37 CFR 1.121(d) are required in this application because at least parts of Figures 3 and 5 are not legible. In Fig. 3, the writings inside the black boxes are not legible. In Fig. 5, the molecular markers on the right

Art Unit: 1631

column are not legible except one band at 800bp. Furthermore, the brief description for Fig. 2 in the specification on page 9 of 48 includes, inter alia, that “[n]ormal 1 and patient sample D show low levels of cross hybridization to the wild-type alleles with the primers for R455X and R358X,” whereas such is not legible in Fig. 2.

Applicant is advised to employ the services of a competent patent draftsman outside the Office, as the U.S. Patent and Trademark Office no longer prepares new drawings. The corrected drawings are required in reply to the Office action to avoid abandonment of the application. The requirement for corrected drawings will not be held in abeyance.

Applicant is also advised that color photographs and color drawings are not accepted unless a petition filed under 37 CFR 1.84(a)(2) is granted. Any such petition must be accompanied by the appropriate fee set forth in 37 CFR 1.17(h), three sets of color drawings or color photographs, as appropriate, and, unless already present, an amendment to include the following language as the first paragraph of the brief description of the drawings section of the specification:

The patent or application file contains at least one drawing executed in color. Copies of this patent or patent application publication with color drawing(s) will be provided by the Office upon request and payment of the necessary fee.

Color photographs will be accepted if the conditions for accepting color drawings and black and white photographs have been satisfied. See 37 CFR 1.84(b)(2).

6. Prosecution on the merits is closed in accordance with the practice under *Ex parte Quayle*, 1935 C.D. 11, 453 O.G. 213.

Art Unit: 1631

A shortened statutory period for reply to this action is set to expire **TWO MONTHS** from the mailing date of this letter.

7. As allowable subject matter has been indicated, applicant's reply must either comply with all formal requirements or specifically traverse each requirement not complied with. See 37 CFR 1.111(b) and MPEP § 707.07(a).

8. Any inquiry concerning this communication or earlier communications from the examiner should be directed to Shubo (Joe) Zhou, whose telephone number is 571-272-0724. The examiner can normally be reached Monday-Friday from 9 A.M. to 6 P.M. If attempts to reach the examiner by telephone are unsuccessful, the examiner's supervisor, Marjorie Moran, can be reached on 571-272-0720. The fax phone number for the organization where this application or proceeding is assigned is 571-273-8300. Any inquiry of a general nature or relating to the status of this application or proceeding should be directed to Patent Analyst Tina Plunkett whose phone number is (571) 272-0549.

Patent applicants with problems or questions regarding electronic images that can be viewed in the Patent Application Information Retrieval system (PAIR) can now contact the USPTO's Patent Electronic Business Center (Patent EBC) for assistance. Representatives are available to answer your questions daily from 6 am to midnight (EST). The toll free number is (866) 217-9197. When calling please have your application serial or patent number, the type of document you are having an image problem with, the number of pages and the specific nature of the problem. The Patent Electronic Business Center will notify applicants of the resolution of the problem within 5-7 business days. Applicants can also check PAIR to confirm that the problem has been corrected. The USPTO's Patent Electronic Business Center is a complete service center supporting all patent business on the Internet. The USPTO's PAIR system provides Internet-based access to patent application status and history information. It also enables applicants to view the scanned images of their own application file folder(s) as well as general patent information available to the public.

For all other customer support, please call the USPTO Call Center (UCC) at 800-786-9199.
